

Schools

A clean environment at the right price in an educational institution is essential to the health of its students, faculty and staff. City Wide has been maintaining clean, healthy schools across the country for years. We are able to help:

- Pay special attention to high touch areas
- Flexible cleaning schedules to accommodate events
- Reducing summer expenditures
- Use green cleaning for a healthier environment

City Wide uses a proprietary certification process to ensure only the most qualified, pre-screened workers are in your facility.
